

## PRE-PARTICIPATION PHYSICAL EVALUATION FORM AND PARENTAL CONSENT

No student shall be eligible to represent his/her school in athletics or marching band until there is on file with the school a physical examination and parental consent certificate.

All physicals for OSSAA participation must be given no earlier than May 1 of the preceding year in which the students are to participate and before the first day of practice in that student's particular activity. The physical will be valid from the date of the physical given until the next required physical. Parent(s) or guardian(s) must sign the parental consent form each year before the student participates in any organized athletic practice session including contest participation.

The pre-participation evaluation form is designed to identify risk factors prior to participation by way of a thorough medical history and physical examination. A qualified physician, physician's assistant, or an advanced practice nurse covered by professional liability insurance shall give the physical examinations.

1. The most current version of the OSSAA PPE form should be used; any other form used must contain a minimum of the information requested on the OSSAA PPE form.
2. The PPE Form must be signed and completed in its entirety. No pre-signed or pre-stamped forms will be accepted.
3. SIGNATURES
  - The person administering the PPE's signature must be hand-written and dated. No signature stamps will be accepted.
  - The parent/guardian signatures must be hand-written and dated.
  - The student-athlete signature must be hand-written and dated.
4. DISTRIBUTION
  - History Form retained by Physician/Healthcare Provider
  - Examination Form and Consent and Release Form signed and returned to member school.
  - PPE's should be held to HIPPA standards; however school medical personnel and coaches should be aware of any rescue medications or conditions relevant to the student.

Recommendations \_\_\_\_\_

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the activities outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
